## **Liberals send the wrong message, Says Deepak Obhrai**

(CALGARY) At a time when the world faces a growing threat from terrorists around the world, we have a government which signals that Canada will be a minor player in this fight, said the Hon. Deepak Obhrai, Member of Parliament for Calgary Forest Lawn and International Development Critic for the Official Opposition.

“Within the last month alone, seven Canadians have been killed by jihadist terrorists overseas.

The Liberal government’s announcement of today is nothing more than a smokescreen to hide a real agenda of a campaign promise made, without assessing its deeper consequences.

Our Conservative government had a balanced approach that included diplomacy, humanitarian assistance and military engagement. Our approach was having a major impact.

Canada has a long, proud history of defending innocent and vulnerable populations by taking on those who commit mass atrocities. However, we are now leaving to others to fight for us,” said Obhrai.
